Dear Resident,

On behalf of the Howell Area Fire Department (HAFD) we strive to ensure that all of our residents in the Howell Area Fire Authority have operational smoke alarms. This is the reason for our visit today and we are sorry that we missed you.

Smoke alarms are the best line of defense in early home detection systems designed to protect you and your family. HAFD encourages all residents to check their smoke alarms monthly and replace the batteries every six months. To ensure your smoke alarms are functioning we would like to assist you in any way possible. If you are unable to check your alarms and/or change your batteries or are in need of a smoke alarm, we would encourage you to give us a call and we would be happy to provide that service to you **free of charge**. Please call (517) 546-0560 and our staff will assist you with scheduling a date and time with this service.

Thank you for your time and please do not hesitate to contact us at the phone number listed or email us at firemarshal@howellfire.net.
